Kokkolan Campus Area

Geological Survey of Finland

Natural Resources Institute
Finland

The Federation of Education in Central
Ostrobothnia

Centria University of Applied
Sciences

Kokkola University Consortium Chydenius

University Consortia in Finland

Kokkola University Consortium Chydenius

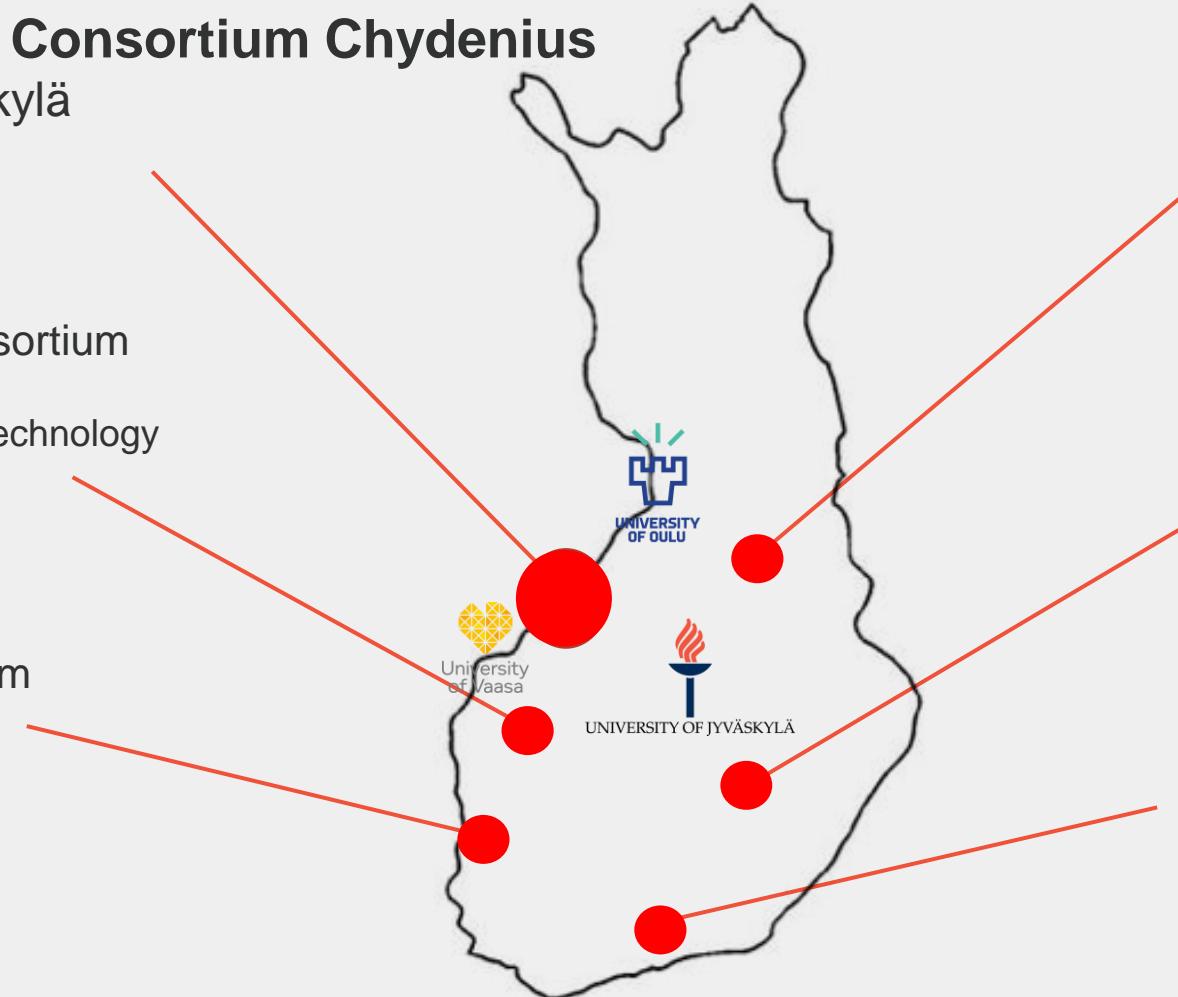

- University of Jyväskylä
- University of Oulu
- University of Vaasa

Seinäjoki University Consortium

- University of Tampere
- Tampere University of Technology
- University of Helsinki
- University of Arts
- University of Vaasa

Pori University Consortium

- Tampere University of Technology
- University of Tampere
- University of Turku
- Aalto University

Kokkola University Consortium Chydenius

Universities of Jyväskylä, Oulu and Vaasa

- Education (JYU), Social Sciences (JYU), Information technology (JYU), Chemistry (OU), Business studies (VU)
- 4000 - 4500 students with previous studies & experience
- Staff of 120 experts in joint teams
- Total funding 2022 7,4 M€, external funding > 60%

Focus Areas

1. Learning and teaching in changing environment

3. Renewal of industries

2. Social inclusions and wellbeing services

Education | ICT | Applied Chemistry | Social Sciences
| Business | Open University

Research Profile

Focus:

- Learning and teaching, novel learning environments
- Social inclusion & participation
- Research supporting the renewal of industries
